

PROMETH₂O

PROMETH2O

Metrology for trace water in ultra-pure process gases

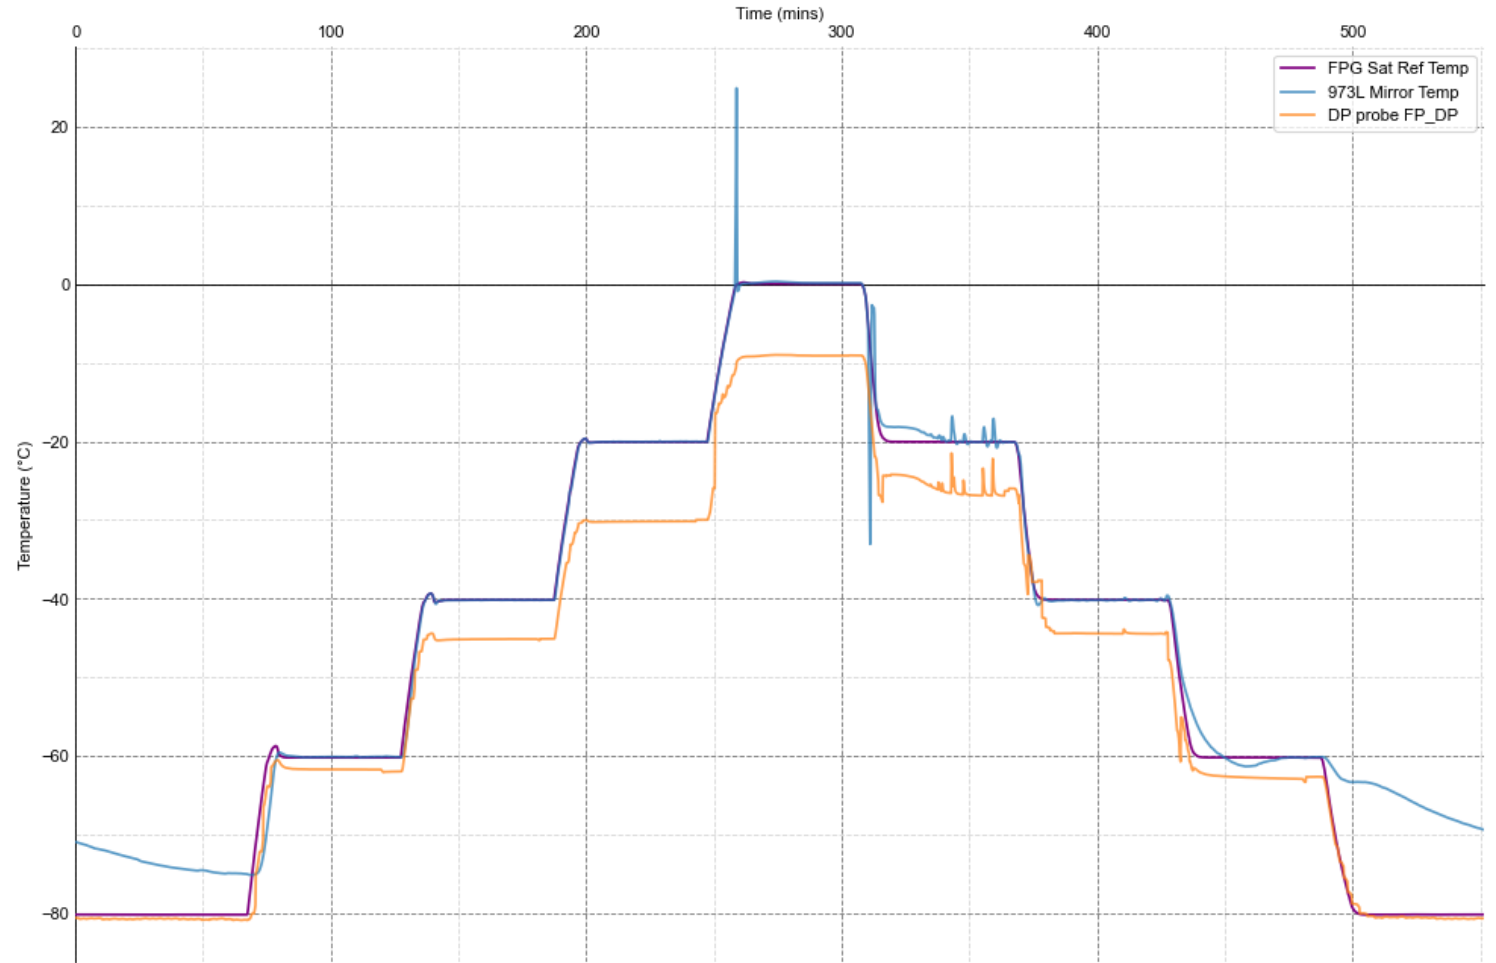

Project Progress Meeting at M18

VSL, Delft, The Netherlands

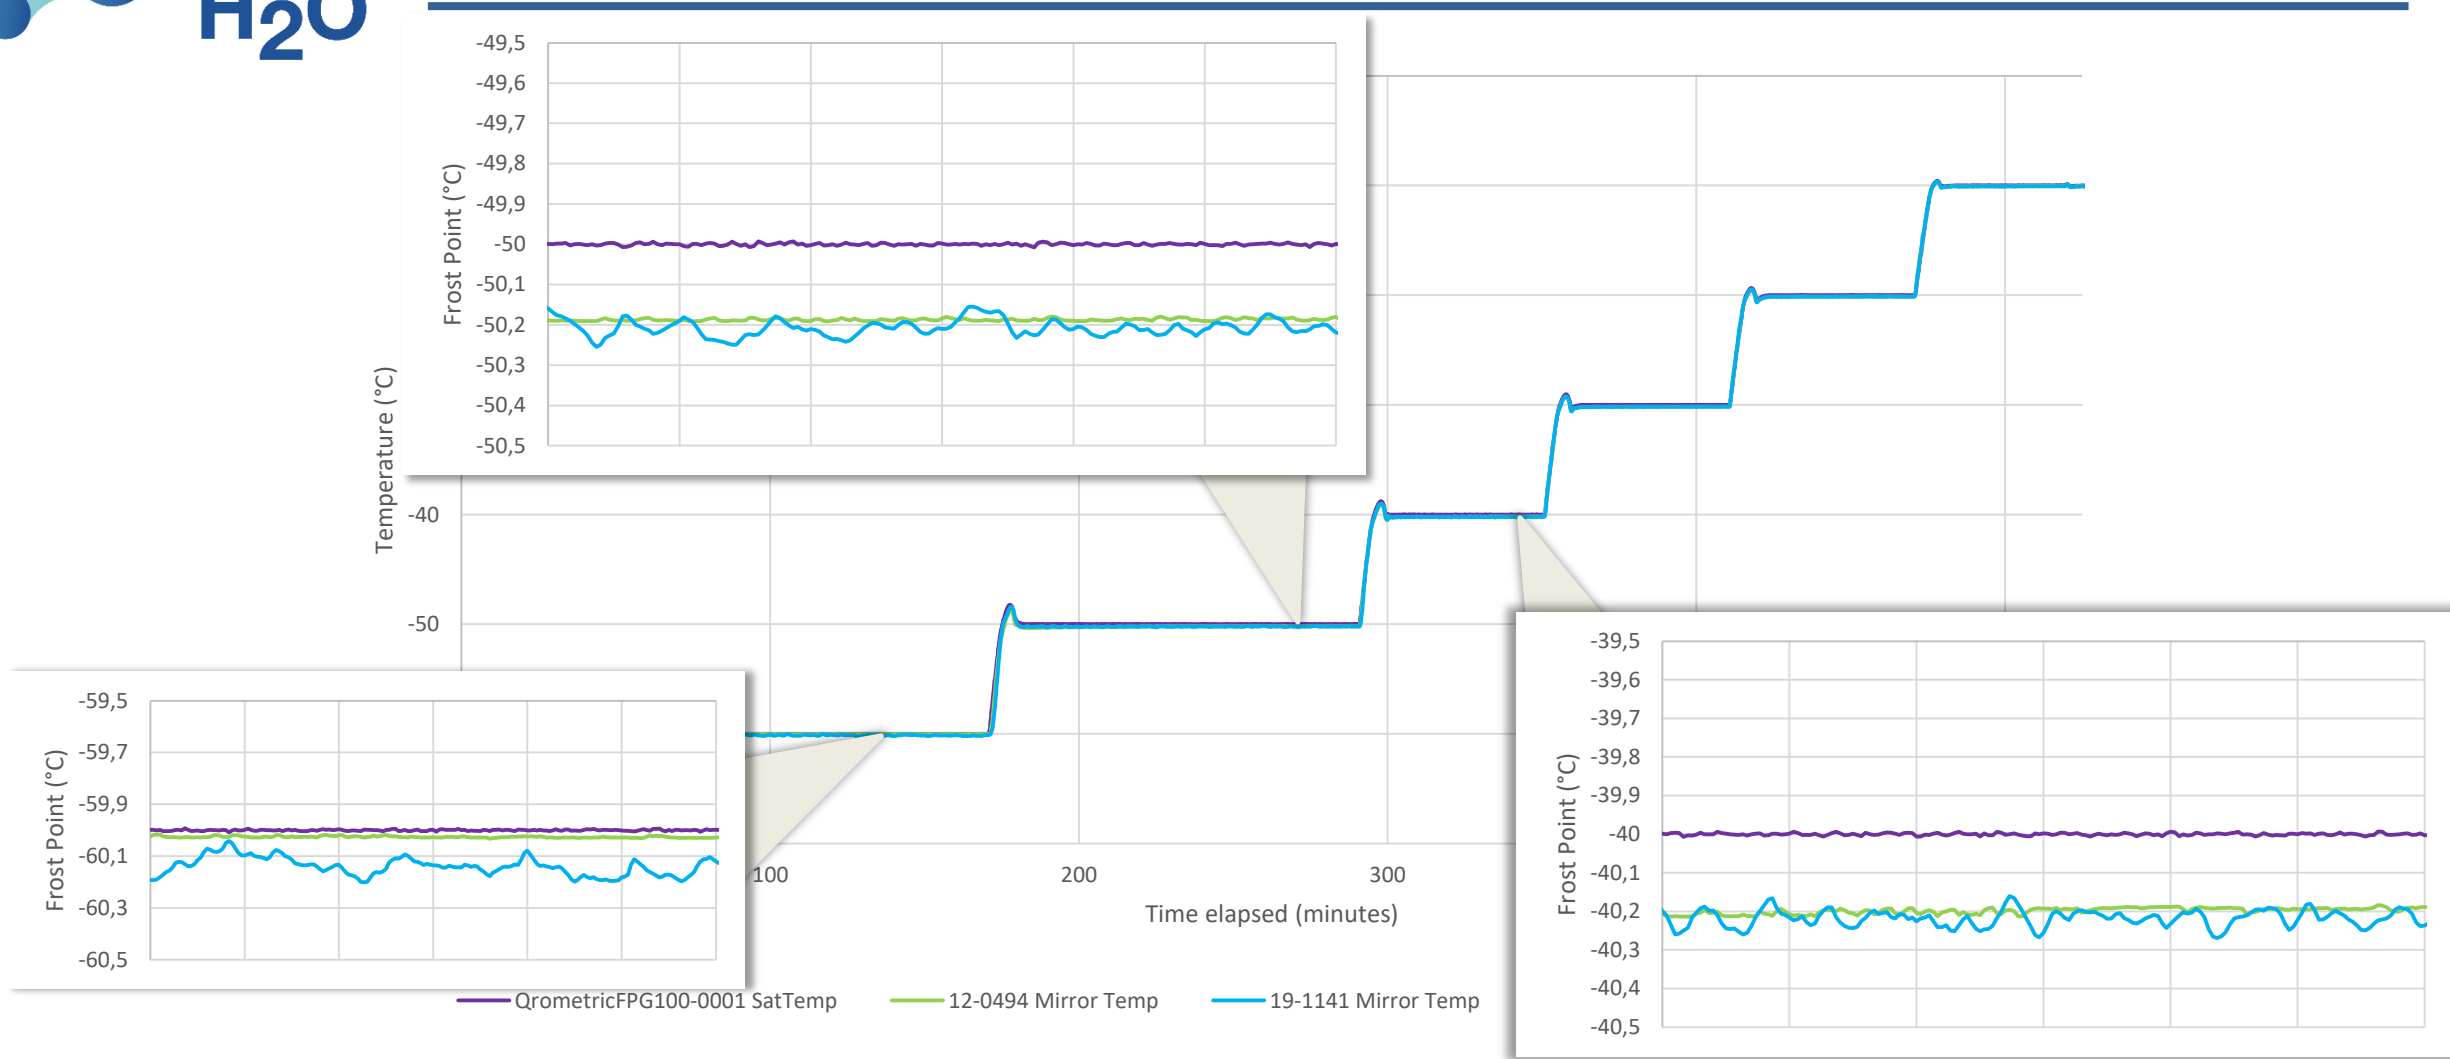

2..3 November 2022

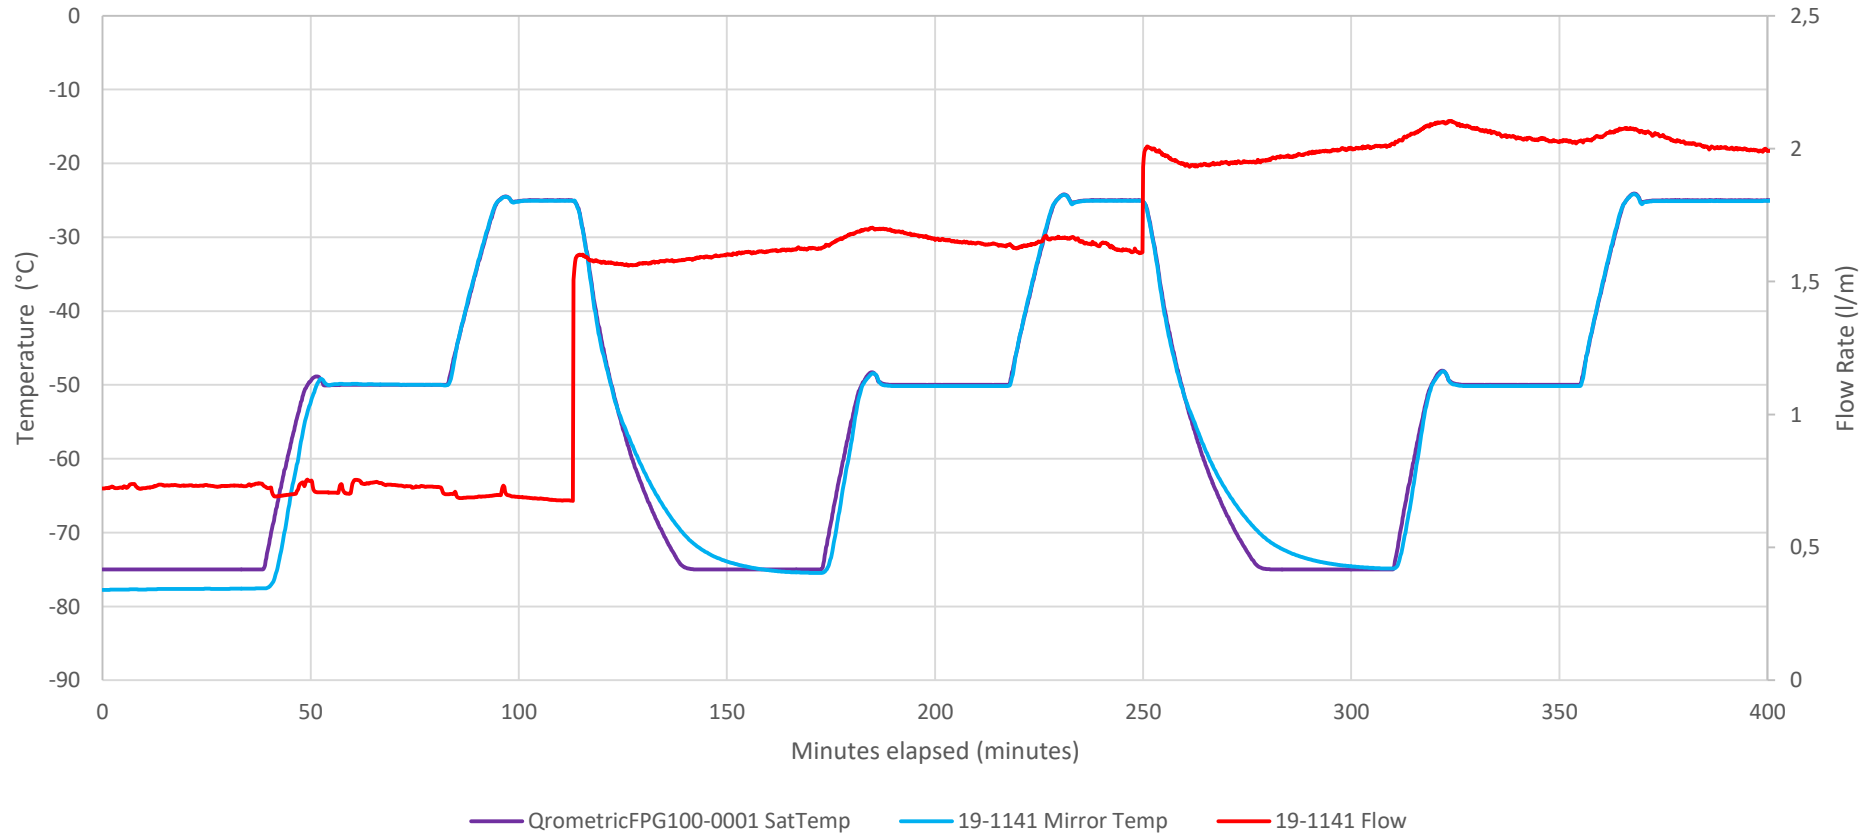

The EMPIR initiative is co-funded by the European Union's Horizon 2020 research and innovation programme and the EMPIR Participating States

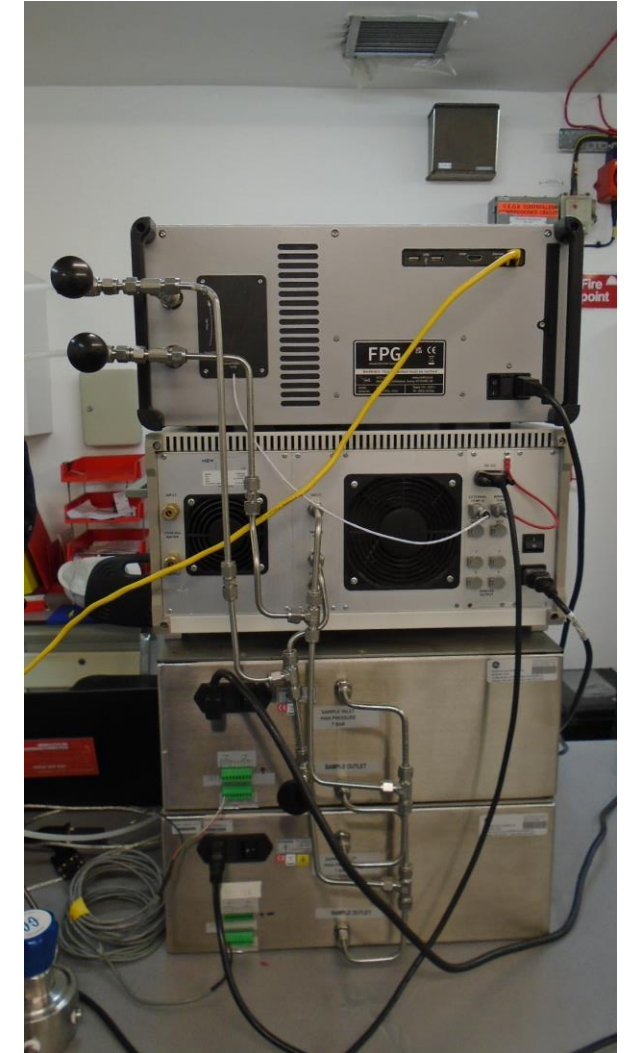

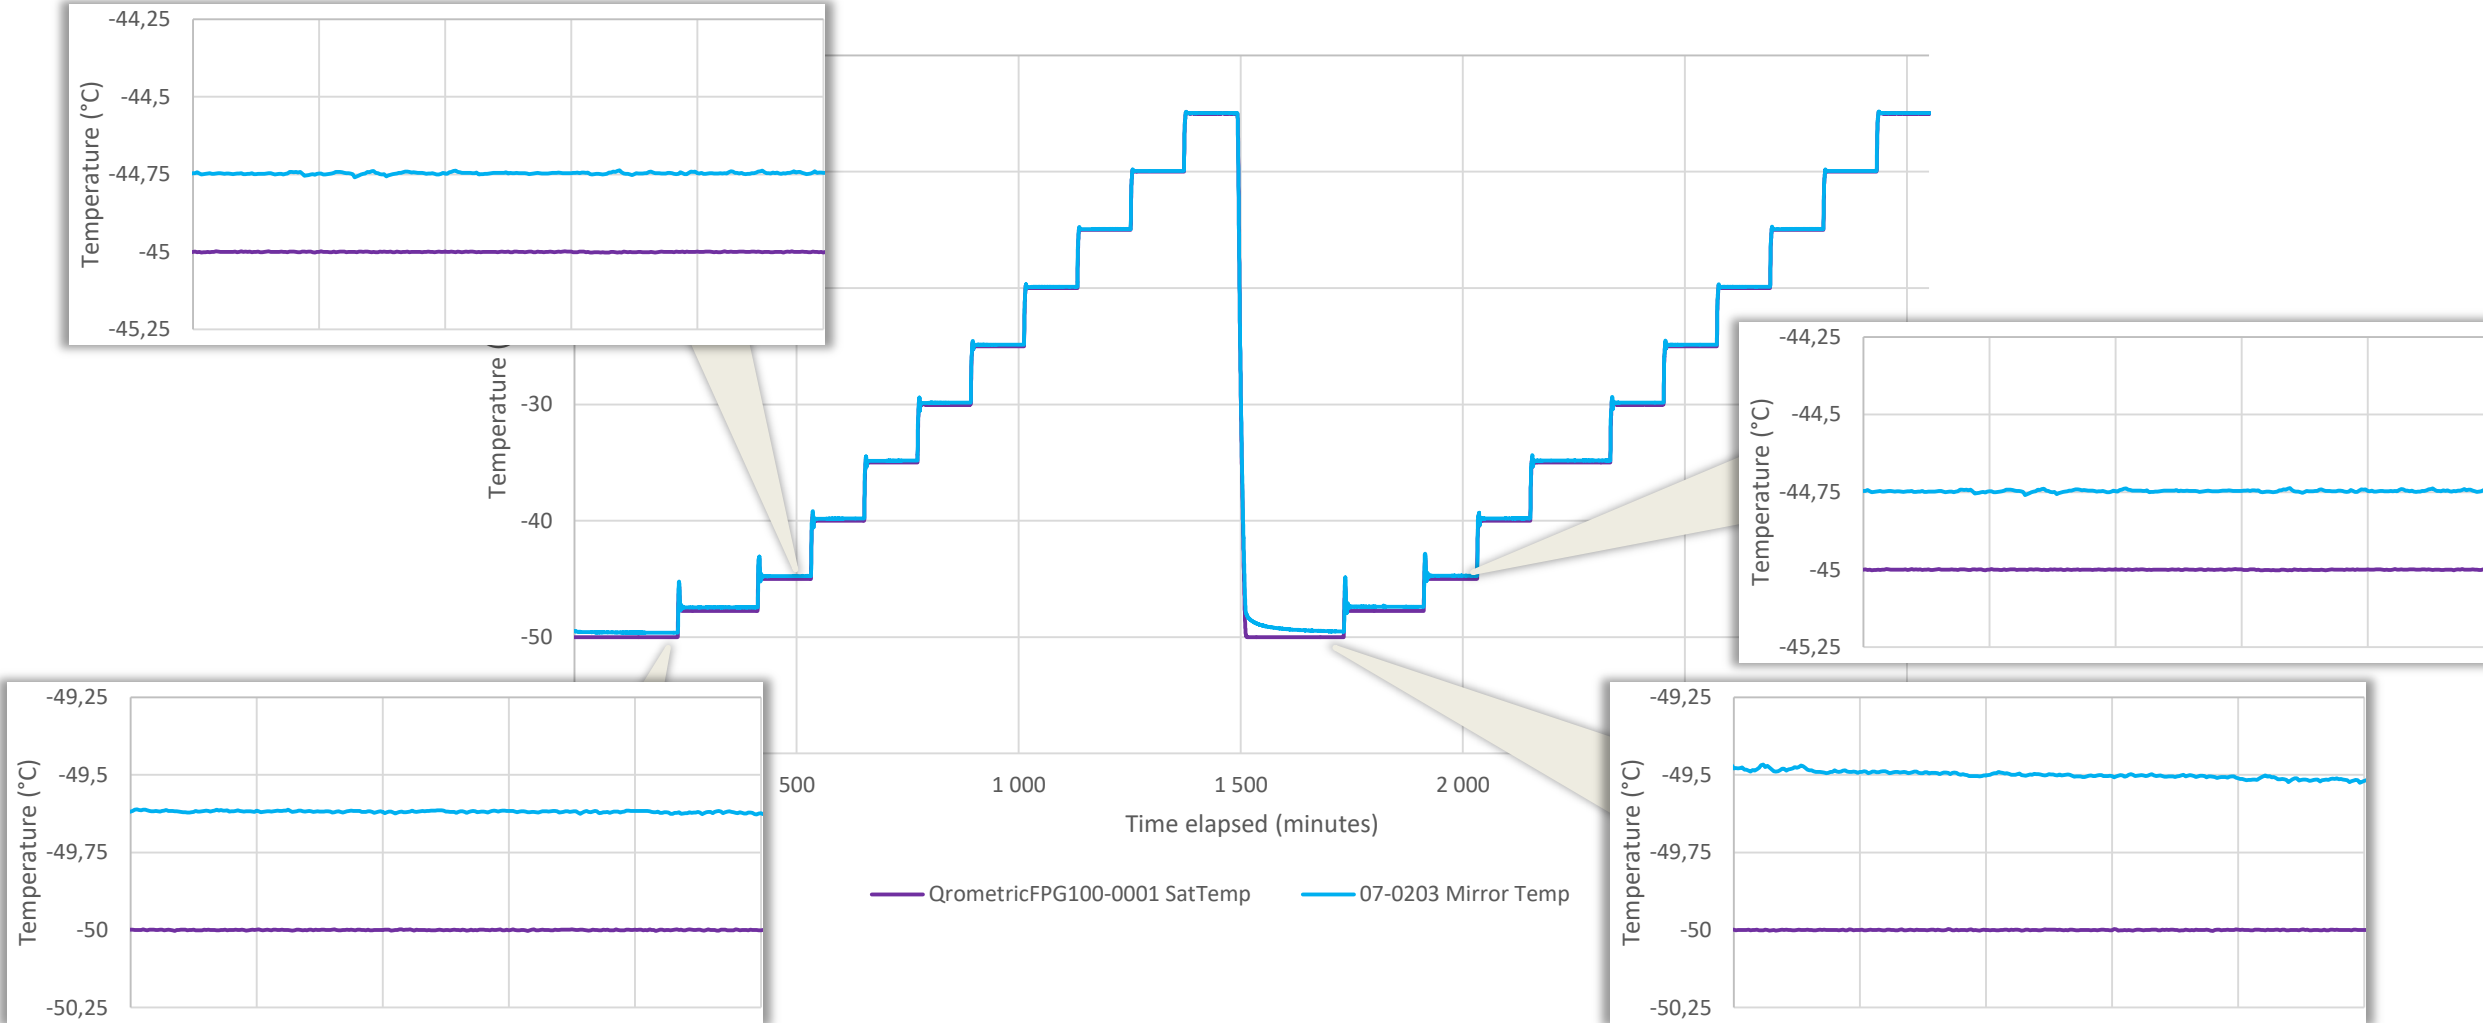

FPG Stability and Reference Comparisons

- Test at pressure
- Test with other carrier gases

- Define uncertainty contributions
- Evaluate performance with matrix gases
- Evaluate performance with varying pressure

PROMETH₂O

Thank you

EMPIR
